The factory comprises several 2-story buildings, one of which has a smokestack approximately 50 meters high. Storage depots are located on the southwest side of the factory.

2. The factory is operated continuously in 8-hour shifts. There are no Soviet personnel.
3. Sugar beets are supplied by producers from the Ruse area. Trucks are generally used to transport the beets to the factory. When barges are used, the beets are conveyed from the river to the factory by aerial cable.
4. Factory workers leave their identification "number" with security personnel on entering the premises and claim it on leaving. The factory is under constant guard.

The Georgi Dimitrov Machinery Factory

5. The Georgi Dimitrov factory, which produces agricultural machinery, is located east of Ruse, along the road to Lipnik. It comprises two 1-story and one 2-story buildings, and works only one shift per day.
6. The factory has no railroad spur line; transportation is entirely by truck.

Electric Power Plants

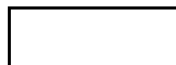

7. The electric plant which supplies power to Ruse is located east of the city; it has two generators and is powered by coal.
8. Additional electricity is received from Rumania by a cable ~~across~~ the river to a transformer located west of the power plant. The transformer also diverts power to Ruse, Kubrat, and Razgrad.<sup>1</sup>
9. The sketch enclosed shows the following installations:<sup>2</sup>
  1. Sugar Factory.
  2. Electric Power Station.
  3. Georgi Dimitrov Machinery Factory.
  4. Soap Factory.
  5. Cotton Goods Factory.
  6. Jail.
